

Monthly HANGAR FLYING SAFETY MEETING

Nearly 4,000 Pilot Deviations (PDs) are investigated each year. Many of those deviations could, under slightly different circumstances, have resulted in mid-air collisions. Investigating all of these PD events takes away from government resources that can be applied to reducing GA accidents. At this meeting, we'll discuss the definition of a Pilot Deviation, give real life examples and their consequences, as well as talk about what you can do to avoid them. Attend and share your experiences and observations. We want to hear from you! As always, free snacks and soft drinks courtesy of True Course Flight School.

Directions: Meeting in TRUE COURSE FLIGHT SCHOOL hangar.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
